COASTAL

Shaping the future.

STANDARD MULTIPOINT LOCK - PREMIUM AUTOMATIC

Provides a contemporary look with the cylinder & central gearbox located half way up the door

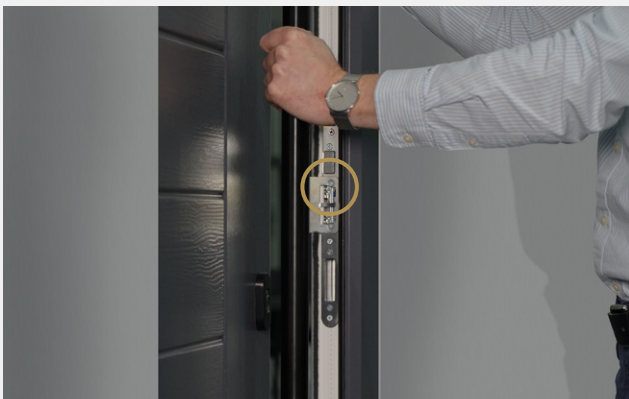

Can be used with a pull handle, escutcheon & thumb turn cylinder to create a contemporary 'slam shut' style door and also our Biometric Fingerprint Scanner

Magnet only activates the hook bolts once door is closed, auto locking the door and preventing damage to frame

Hook bolts provide extra security and enhanced weathersealing

The new practical Daytime Latch enables temporary release of the locking system for convenient access without a key – e.g. when carrying shopping in from the car

Tested to PAS24 and Secured by Design Approved

STANDARD MULTIPOINT LOCK - PREMIUM AUTOMATIC

DAYTIME LATCH FEATURE

Blue switch in 'down' position

- Daytime Latch activated - Door can be pushed and pulled to open and close without key
- Prevents door from blowing open
- Very convenient for example when bringing shopping in from car

- To deactivate Daytime Latch simply push blue switch up

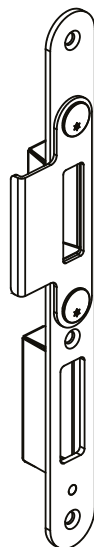

Blue switch in 'up' position

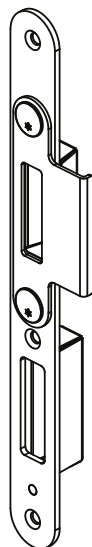

- Daytime Latch deactivated
- Duo Hook Locks fired by magnet once door is closed
- Door securely locked once more
- Key required to unlock and open door

Keep Handing (as viewed from outside)

Left Hand Lock

Right Hand Lock

VOGUE MULTIPOINT LOCK - PREMIUM AUTOMATIC
